TIME OFF

Leave approval

Two-stage chain: a request goes to the team lead first, then to the manager for final approval. The status badge shows exactly where it stands.

EXCHANGES

Shift swaps

A swap flows colleague -> team lead -> manager. Once fully approved it's applied to the rota automatically — no manual edits.

The screenshot displays the 'Shift Swaps' interface within the Meena Staff Scheduling application. The interface is divided into a sidebar for navigation and a main content area for managing swap requests.

REPORTING

Daily cases

Each branch logs its cases for the day (X-ray, CT, US, MAMO, BMD). Save keeps a draft; Submit locks it. Managers see every branch at a glance.
